ACTION MEMORANDUM

Enclosed is a copy of a communication in which authorization is requested for the use of electronic devices (both audio and video (CCTV)) to monitor and record private non-telephonic conversations, with the consent of a party, in captioned investigation.

Pursuant to the Attorney General's Memorandum of November 7, 1983, captioned "Procedures for Lawful, Warrantless Interceptions of Verbal Communications," and/or Attorney General Order 985-82, dated August 6, 1982, captioned "Delegation of Authority to Authorize Television Surveillance," the authority of your office is required for use of these electronic devices.

The use of CCTV will not involve any trespass, and it will be utilized only when a consenting party is present.

Use of these electronic devices in this case is recommended as being in the best interest of effective law enforcement in that they are expected to provide corroborative evidence and/or to protect the individual(s) utilizing the equipment.

It is requested, therefore, that your office approve the use of this equipment for a period of 60 days beginning the date on which you grant approval.

of photographs depicting the submitted specimens.

EXPLOSIVES:

Present in specimen Q7 is a quantity of material with white-colored prills which has been identified as being dynamite composed of sodium and ammonium nitrate, nitroglycerine, and ethylene glycol dinitrate. You advised that this sample of dynamite was removed from the Q9 wrapper which is identified as being an Atlas "Gelmax" dynamite wrapper bearing date-plant-shift-code "03185A2." This wrapper and the dynamite in specimen Q7 were manufactured by the Atlas Powder Company, Joplin, Missouri, on March 18, 1985 during the second shift.

Present in specimen Q8 is a quantity of pink-colored prills which was identified as being a mixture of ammonium nitrate prills and fuel oil, commonly referred to as "ANFO".

Specimens Q7 and Q8 are high explosive products and when properly initiated with a suitable initiator (Q7 requires a blasting cap and Q8 requires a booster in addition to the blasting cap) have the capability of exploding and causing personal injury and property damage. In this case, the dynamite could serve as a booster for the "ANFO".

DISPOSITION OF SPECIMENS:

At your request specimens Q7 and Q8 will be destroyed by the Laboratory. However, specimen Q9 will be returned to your office under separate cover by registered mail.

[REDACTED]

PX T-2 has advised [REDACTED] individuals who claim to have already placed explosive charges in areas, that when detonated, will destroy law enforcement communication systems in the greater Phoenix area. They have also discussed destroying bridges and highways in Arizona as well as destruction of high tension power lines, transformers and relay stations throughout the State. The source emphasizes that [REDACTED] has not yet been able to actually observe these destructive devices that allegedly have been placed at the site.

PX T-3 has provided information that led to the arrest and conviction of an AP associate, [REDACTED]

[REDACTED]

[REDACTED] in furtherance of AP goals.

PX T-2 reported AP [REDACTED]

[REDACTED] has told Source [REDACTED]

the attempt.

PX T-4 has advised AP leaders frequently discuss plans of insurrection and revolution under the protective umbrella of religion, especially, under the "identity" religious movement. AP members frequently meet with members of numerous other right wing groups, both in and out of the State of Arizona. Publically, most AP leaders and members claim they are non-violent and will try to correct the "ills of the nation" through legal means. However, once in private, AP members and leaders openly discuss assassinations, bombings, robberies and revolution.

PX T-5 advised AP leaders and members are nearly always armed and he believes they should be considered very dangerous. This Source has personally observed handguns, shot guns, rifles, Uzi sub-machine guns, rockets, mortars, and trip-wire booby traps in the homes and vehicles of AP members. The Source has also been told of caches of explosives and automatic weapons, however, he has not personally observed these caches to date. Source has observed AP members who

[redacted]
[redacted] Source reports most AP members feel the system is "out to get them" so they feel they should be prepared to "get the system first".

PX T-6 advised AP members have claimed they have hardcore members and sympathizers within the Arizona Department of Public Safety (DPS), nearly every sheriff's office in the State, and in most police departments throughout the State of Arizona. AP leaders claim they have access to NCIC and other computer networks because of their contacts in law enforcement. They also claim many active and retired military personnel [redacted]

AP leaders also claim they have members in phone companies and financial institutions throughout the State of Arizona who will obtain records and information for them. This

Source reported that AP [redacted] Arizona,

b6

PX T-5 has associated with many hardcore AP leaders and members, and as such believes many of the members have apparently reached such a point of frustration, that the only path that they can see for the near future is one of violence and insurrection. Although many AP leaders are calling for non-violence at the present time, Source has talked to members who believe there will soon be a charismatic personality emerging in the Patriot movement nationwide who will unite all Patriots. Only then, do these members believe an offensive action against the system will be effective. However, Source has talked to some members who are younger and more aggressive, and who want to have action now. Source believes these young Patriots will not wait for national unity, and will initiate bombings and periodic guerrilla type warfare in the near future.

Because many of the AP members have gone underground to avoid detection by law enforcement personnel, it is impossible to estimate their current strength. However, all of the above Sources concur that members of the AP and similar right wing organizations should be considered armed and dangerous.

Information furnished by PX T-1 through PX T-5 has been corroborated by investigation and through the use of approved consensual monitoring and electronic surveillance devices.

NAGRA SNST bearing [redacted] is being returned
to the Signal Analysis Unit for examination.

It is noted that the above unit failed while being
used in a consensual monitoring situation. The original
tape started with audio and began to break up rather quickly
after that. The issue being discussed was very significant
and it is expected that the failure of this equipment will
become an issue in the prosecution of the case.

Signal Analysis is requested to conduct an examination
of SNST NAGRA [redacted]
to attempt to establish the reason for the equipment failing
to record. Inasmuch as this matter could be important in
future prosecution, it is requested that results of the examination
and the name of the person conducting the examination be
recorded.

Above enclosure is original evidence and the chain of custody is to be maintained and recorded on the FD 504. The tape contains a nagra recording. The possibility exists that the microphones were failing at the time of recording.

Signal Analysis Unit is requested to increase the audio if possible and to provide Phoenix with a duplicate.

NOTE:

THE ARIZONA PATRIOTS {AP}, AN EXTREME RIGHT-WING GROUP THAT ADVOCATES THE VIOLENT OVERTHROW OF THE UNITED STATES GOVERNMENT, HAS BEEN THE SUBJECT OF A FULL DOMESTIC SECURITY/TERRORISM {DS/T} INVESTIGATION SINCE OCTOBER 30, 1984.

INVESTIGATION HAS DETERMINED THAT THE AP HAS STOCKPILED AMMUNITION, EXPLOSIVES AND WEAPONS, HAS DISCUSSED THE KILLING OF POLICE OFFICERS, DESTROYING BRIDGES AND ROADS, AND IS

IN JUNE 1985, A PHOENIX SOURCE, WHO HAS PROVIDED RELIABLE INFORMATION, [REDACTED] AP MEMBER

IN JULY, JACK OLIPHANT, AP MEMBER, PURCHASED 50 POUNDS OF DYNAMITE, ONE ROLL OF SAFETY FUSE, AND 100 NON-ELECTRIC BLASTING CAPS. THE EVENTUAL PURPOSE FOR THESE EXPLOSIVES IS THE BOMBING OF THE IRS COMPLEX. OLIPHANT ALSO PURCHASED POTASSIUM CHLORATE WHICH, WHEN MIXED WITH KEROSENE, WILL PRODUCE A HIGH-ORDER EXPLOSIVE. SUBSEQUENT TO THE PURCHASE OF THE POTASSIUM CHLORATE AND DYNAMITE, [REDACTED] AND OLIPHANT [REDACTED] ARIZONA,

[REDACTED]

NOTE CONTINUED:

THE SOURCE HAS REPORTED THAT AP [REDACTED]

b7D

THE SOURCE ADVISED THAT AP LEADERS AND MEMBERS ARE NEARLY ALWAYS ARMED, AND HE BELIEVES THEY SHOULD BE CONSIDERED VERY DANGEROUS. THIS SOURCE HAS PERSONALLY OBSERVED HANDGUNS, SHOT GUNS, RIFLES, UZI SUBMACHINE GUNS, ROCKETS, MORTARS, AND TRIP-WIRE BOOBY TRAPS IN THE HOMES AND VEHICLES OF AP MEMBERS. THE SOURCE HAS ALSO BEEN TOLD OF CACHES OF EXPLOSIVES AND AUTOMATIC WEAPONS, HOWEVER, HE HAS NOT PERSONALLY OBSERVED THESE CACHES TO DATE. SOURCE HAS OBSERVED AP MEMBERS [REDACTED]

[REDACTED] THE SOURCE REPORTS THAT MOST AP MEMBERS FEEL THE SYSTEM IS "OUT TO GET THEM" SO THEY FEEL THEY SHOULD BE PREPARED TO "GET THE SYSTEM FIRST."

BASED ON THE ABOVE, THE CRIMINAL INVESTIGATIVE DIVISION, TERRORISM SECTION, RECOMMENDS THE CONTINUATION OF THIS DS/T INVESTIGATION.

ACTION MEMORANDUM

Enclosed is a copy of a communication in which authorization is requested for the continued use of electronic devices (both audio and video (CCTV)) to monitor and record private non-telephonic conversations, with the consent of a party, in captioned investigation. Also enclosed is a copy of the communication in which authorization was initially requested and granted.

LEADER AND AFFILIATE OF THE POSSE COMITATUS AND RELATED RIGHT WING EXTREMIST GROUPS. HOLECEK IS THE LEADER OF A GROUP KNOWN AS THE CONSTITUTIONAL REPUBLIC OF THESE UNITED STATES OF AMERICA. THIS GROUP IS ALSO KNOWN BY THE NAME OF THE CONSTITUTIONAL PARTY, AND THEY HAVE PUBLICLY STATED THAT THEY BELIEVE THE CURRENT U.S. GOVERNMENT IS "NULL AND VOID" AND THAT THE PRESENT FORM OF GOVERNMENT HAS COMMITTED AN "OVERWHELMING ACCUMULATION OF WRONGS" SUCH THAT THE EXISTING GOVERNMENT "HAS NO RIGHT TO RULE A FREE PEOPLE."

AS A RESULT OF THEIR BELIEFS, HOLECEK AND HIS GROUP HAVE FORMED A "DE JOUR GOVERNMENT" CONSISTING OF A PRESIDENT, VICE PRESIDENT, COMPLETE CABINET AND A SUPREME COURT. HOLECEK HAS APPOINTED HIMSELF AS THE "PRESIDENT" [REDACTED]

[REDACTED]

CARL HOLECEK IS CURRENTLY ON PAROLE FOLLOWING A ONE YEAR PERIOD OF INCARCERATION AT CAMP LEAVENWORTH, FEDERAL CORRECTIONS CENTER, FORT LEAVENWORTH, KANSAS. HOLECEK WAS INCARCERATED AFTER A CONVICTION ON IRS CHARGES OF PREPARING FRAUDULENT TAX RETURNS.

[REDACTED] HAS ADVISED THAT HOLECEK CURRENTLY RESIDES IN A RURAL AREA OF NEBRASKA LOCATED NEAR LOUP CITY, NEBRASKA. HOLECEK DOES NOT HAVE ANY STREET ADDRESS AND RECEIVES HIS MAIL THROUGH A POST OFFICE BOX. HOLECEK'S CONDITIONS OF PAROLE DO NOT PROHIBIT HIM FROM ASSOCIATING WITH RIGHT WING EXTREMISTS OR TAX PROTESTORS UNLESS THEY ARE CONVICTED FELONS OR MISDEMEANANTS. HOLECEK'S PROBATION ONLY RESTRICTS HIM FROM "GIVING AID OR ADVICE TO ANYONE IN THE PREPARATION OF INCOME TAX RETURNS." [REDACTED] ADVISED THAT, TO HIS KNOWLEDGE, HOLECEK STILL REGULARLY ASSOCIATES WITH OTHER MEMBERS OF RIGHT WING EXTREMIST GROUPS.

OMAHA DIVISION CONFIDENTIAL INFORMANT [REDACTED] WHO HAS PROVIDED RELIABLE INFORMATION IN THE PAST AND WHO IS IN A POSITION TO NOW, HAS CONFIRMED THAT HOLECEK REMAINS ACTIVE IN RIGHT WING EXTREMIST GROUPS. HOWEVER, WITHIN THE PAST ONE TO TWO MONTHS THERE HAS BEEN AN UNUSUAL CHANGE IN HOLECEK'S PATTERN OF ACTIVITY. HOLECEK HAD BEEN RESIDING WITH ANOTHER WELL KNOWN RIGHT WING FIGURE IN CENTRAL NEBRASKA, NAMED [REDACTED] WHO HAS BEEN A LONGTIME MEMBER OF THE POSSE COMITATUS AND WHO OPENLY

AND OMAHA IS UNCERTAIN AS TO WHY [REDACTED] WOULD TELL OTHER RIGHT

THAT [REDACTED] IS DISCUSSING AN ASSASSINATION ATTEMPT ON HOLECEK SUGGESTS TO OMAHA THAT THERE MAY BE SOME SORT OF INTERNAL DISPUTE WITHIN RIGHT WING EXTREMIST CIRCLES. IF THIS IS THE CASE, AND HOLECEK IS AWARE OF [REDACTED] DISPLEASURE WITH HIM, THIS COULD ACCOUNT FOR HOLECEK'S WITHDRAWAL FROM HIS RIGHT WING EXTREMIST ASSOCIATES, ESPECIALLY IF HOLECEK HAS GOTTEN WORD OF THE TAL OF AN ASSASSINATION.

DETAILS: "CHOLLA" is a new Group I UCO proposed by the Phoenix Division. The UCO is to be worked in conjunction with the case entitled, "ARIZONA PATRIOTS, Domestic Security/Terrorism (DS/T), OO: Phoenix," a group which espouses a hatred of racial minorities, Jews, and the United States Government. The AP has advocated the bombing of the Internal Revenue Service (IRS) facilities, has stockpiled explosives and explosive devices, purchased illegal automatic weapons, and has discussed the armed robbery of armored trucks to help finance their cause.

The AP case has been opened and is being investigated pursuant to the Attorney General Guidelines on the conduct of DS/T investigations which became effective in March 1983. This investigation has produced information that links the AP with elements of the radical SPC in Nebraska, which is also the subject of an approved DS/T investigation.

It is envisioned that the UCA, with the assistance of a Phoenix source, [REDACTED]

b7E

Memorandum from S. Klein to Mr. Clarke
RE: CHOLLA;
OO: PHOENIX

I. PRIORITY PROGRAM/IMPACT ON OFFICE RESOURCES

(a) The UCO is within the Terrorism Program of the Phoenix Division. It is ranked third among the priority programs.

(b) The current target staffing level for Domestic Terrorism is zero. Phoenix has been overburning 2.98 direct Agent work years on this matter. It is anticipated that, with the approval of the UCO, five Special Agents will be utilized on a full-time basis as follows:

One case Agent: Overall administration of UCO.

UCA contact Agent: Services the UCA.

Phoenix Source contact Agent: Services source.

Two additional Special Agents: Cover leads, maintain logs and transcripts, screen tapes, handle other informants, etc.

One Special Agent Accountant and one accounting technician will be used on a part-time basis.

The Phoenix Special Operations Group will be used as needed.

Undercover Agent: It is anticipated that the UCA will come from outside the Phoenix Division.

II. SIGNIFICANCE OF CRIME PROBLEM

(a) Investigation has shown that the AP are situated in cells throughout the state of Arizona. They hold a publicly stated philosophy of hatred for Jews, racial and ethnic minorities and the United States Government. They view the Federal tax structure as illegal and have specifically targeted the IRS for violent action. In furtherance of these aims, AP members have purchased illegal automatic weapons, stored illegal explosive devices and material, discussed [REDACTED]
[REDACTED]
[REDACTED]

b7D

Memorandum from S. Klein to Mr. Clarke
RE: CHOLLA;
OO: PHOENIX

The AP is similar in its developmental stage as the ARYAN NATIONS (AN) was prior to the creation of the "Order." Younger, more radical elements are openly advocating violent action against the system. It is imperative that these cells be identified so that criminal acts can be prevented and that those responsible for past acts can be prosecuted.

(b) The AP interacts with elements of the SPC in Nebraska, and the CHRISTIAN PATRIOTS DEFENSE LEAGUE in Illinois, and Mississippi. [REDACTED]

[REDACTED] They have also identified the Hoover Building, FBIHQ, as a possible bombing target. AP members have [REDACTED]

III. TRADITIONAL INVESTIGATIVE TECHNIQUE

The Phoenix Division has utilized source coverage, consensual monitoring, a cooperating witness, pen registers, physical surveillances and other traditional techniques in investigating the AP. This investigation has established the existence of cells that have not been fully identified and an underground structure which, although mentioned on numerous occasions, has also not been identified. The Phoenix source does not have access to these cells nor have traditional techniques been successful in identification or penetration of these cells.

The UCO is deemed imperative because of the issues that will face the UCA. It is anticipated that [REDACTED]

[REDACTED] The UCA, as a trained law enforcement officer, will be able to analyze and control these situations in a manner not available to a civilian. In addition, it is felt that the Phoenix source is overburdened in dealing with the AP. The source will be called upon to testify as to his knowledge of the AP'S criminal activities but the reliance on one major witness could prove detrimental to a successful prosecution. It is felt that a well-trained FBI Agent, possessing skills and a background which are attractive to the AP, will overcome this obvious deficiency and make a stronger prosecutable case for the Government.

Memorandum from S. Klein to Mr. Clarke
RE: CHOLLA;
OO: PHOENIX

IV. POTENTIAL FOR SUCCESS

The UCO has every chance of being successful [REDACTED]

[REDACTED] The UCA will possess a background and skills that will be most attractive to the AP, and he will also have the time to devote to AP business. As stated earlier, the AP has divided into cells. The penetration of these cells will be the ultimate goal of the UCA. Experience in the AN case showed that these groups are receptive to recruiting talented individuals who appear to meet needs of the group. The AP continually meets to plan criminal activities and train for their eventual commission of the acts. A trained investigator, brought into the planning stages of this criminal activity, presents the best chance for prosecutive successes.

b7E

V. FISCAL CIRCUMSTANCES/EXEMPTIONS REQUESTED

This UCO does not involve the establishment of a proprietary. There is no potential for significant civil claims against the United States. There is no need nor justification for indemnification agreements or expenditure of funds to construct or alter facilities.

The following exemptions will be required:

1. Using appropriated funds for leasing space.
2. Entering into lease agreements for periods extending beyond the current fiscal year.
3. Depositing appropriated funds in banks or other financial institutions.

VI. SENSITIVE CIRCUMSTANCES

This UCO will deal with violence-prone individuals who have openly advocated hatred of racial and ethnic minorities and the United States Government. They have specifically identified facilities of the United States Government for violent attack. As a result, the security of the UCA is addressed as a major priority in this UCO.

Memorandum from S. Klein to Mr. Clarke
RE: CHOLLA;
OO: PHOENIX

Because of the nature of the case and individuals involved, the UCA will interact with individuals who are members of, or are affiliated with, groups which are the subjects of Domestic Security/Terrorism investigations. These investigations are conducted in full compliance with the Attorney General Guidelines for the conduct of such cases. The UCA will be periodically instructed to minimize any acquisition, retention, and dissemination of information that does not relate to the matter under investigation or to any other authorized investigative activity.

VII. POTENTIAL RISKS

Risk of third party losses, loss of property and civil liability should not be issues in this UCO. However, due to the nature and philosophy of the AP, it is impossible to say that this will, in fact, be the case. Part of the major thrust of this UCO is to place a UCA in a position where he will be able to provide advance warning of planned violence so that the Government will be in a position to interdict these actions and prevent personal injury and damage to property.

VIII. SUITABILITY OF THE UCA

A UCA has not, as yet, been designated in this matter.

IX. 1. UCA/INFORMANT/COOPERATING WITNESS OR OTHER SOURCE PARTICIPATION IN PROSCRIBED ACTIVITY

(a) It is not anticipated that the UCA, cooperating witness and source will become involved in any proscribed activity. However, there does exist the possibility that, given the nature of the UCO, the UCA, source or cooperating witness, would be called upon to engage in such activity. It is believed that ample time would exist to make proper notifications and obtain the requisite authority in accordance with the Attorney General Guidelines should such situations arise.

(b) This is most likely to happen where the UCA or sources [redacted]

[redacted] so that they remain under FBI control. This would enable live substances to be substituted with inert. This will also insure a strict accounting as to which AP members

would have access to this material and would insure that any explosive devices or plans to use them would be interdicted. The UCA will meet on a daily basis with handling personnel. Activities of the UCA and sources will be reviewed during this meeting, and constant briefings will be held concerning the prohibition of engaging in proscribed activity.

(c) The UCO is a measure of keeping close scrutiny on the activities of a group predisposed to the commission of violent acts. The UCA would be in a position to know beforehand of the violent activities of the AP and either abort the action or prevent it by arrest. If the UCO is not operational, it is clear that, with the avowed goals of the AP, violence would take place and the Government would both be unaware of the activity and unable to stop it.

2. The informant and cooperating witness have been briefed concerning the potential for disclosure of their identities. They are aware of this potential and are also aware of the necessity for their testimony. They have agreed to testify.

3. The Phoenix source is [REDACTED]

[REDACTED] the FBI. He has proven himself to be stable and reliable.

The cooperating witness is [REDACTED]

[REDACTED] He appears to be very stable.

X. POTENTIAL FOR CREATION OF ILLEGAL ACTIVITY

This UCO is directed at gathering intelligence to identify and prosecute various violations of Federal law. Investigation has shown that this activity is ongoing and "criminal predisposition" is continually shown. The role of the UCA and sources will be "passive" in nature, and the creation of illegal activity or entrapment should not be an issue.

Memorandum from S. Klein to Mr. Clarke
RE: CHOLLA;
OO: PHOENIX

XI. TYPE OF MONITORING PROCEDURES

(a) At FBIHQ: It is anticipated that an on-site inspection will be held approximately every three months by appropriate headquarters personnel.

(b) At Field Office: A daily meeting will be held with the UCA and UCO personnel at the administrative off-site. Daily summaries of activities will be produced and furnished to the squad supervisor and Assistant Special Agent in Charge (ASAC). These summaries will also report on the activities of the source and cooperating witness. The ASAC will periodically brief the SAC on direction and accomplishments of the UCO.

Approximately every 10 work days, UCO personnel will meet with the designated Assistant United States Attorney and Assistant Arizona Attorney General for legal opinions and prosecutive opinions.

XII. MISCELLANEOUS LEGAL/ETHICAL/POLICY QUESTIONS

XIII. LETTER OF ENDORSEMENT FROM USA OR STRIKE FORCE CHIEF

The United States Attorney, Phoenix, Arizona, endorses this operation and will entertain prosecutable matters as they develop. Letter is attached.

XIV. FBIHQ SUPERVISOR/UNIT CHIEF/SECTION CHIEF RECOMMENDATION

The FBIHQ Supervisor and Unit Chief, Domestic Terrorism Unit and Section Chief, Terrorism Section, recommend this UCO as viable, necessary, successful and worth the expenditure of funds and manpower resources.

ADDENDUM: CRIMINAL UNDERCOVER OPERATIONS REVIEW COMMITTEE (CUORC)
BL:ejt 4/10/86

On 4/2/86 the CUORC, with a representative of the Legal Counsel Division and representative(s) of the Department of Justice present recommended the following action in connection with operation Cholla:

The Committee recommended approval of Phoenix's Group I UCO [redacted] with authorized funding in the amount of [redacted]. This UCO involves sensitive circumstances in that it will be used to infiltrate a group under investigation as part of a Domestic Security Investigation. However, conduct of this UCO is necessary to obtain evidence for prosecution of crimes against the United States. The United States Attorney, District of Arizona concurs with the conduct of this UCO. No extraordinary risk of injury, loss of property, or civil liability is anticipated during the conduct of this UCO.

1 UNDERCOVER PROPOSAL
COYOTE
PHOENIX DIVISION

I. PURPOSE

There are three reasons for this UCO. First, the UCO will provide additional high-quality resources to help in preventing further violence by the Arizona Patriots (AP). AP would have already done [redacted] and an AP member would probably [redacted] except for the intervention of [redacted]. Additionally, AP is planning to destroy all major IRS computer facilities with the idea of causing the collapse of federal finances, to attack synagogues, banks, and federal law enforcement agencies, and to resist legitimate repossessions of property with firearms. They have bought weapons and explosives and have fabricated home-made destructive devices. AP also has nationwide contacts to support its activities. [redacted] works virtually full time for the FBI but cannot provide complete coverage of the AP. Although PX has other sources who are being worked into AP, such process could take months or even years. An additional trained source of information -- the FBI UCA -- whose background can be tailored to make him very attractive to AP, is necessary now to increase coverage of known cells which are scattered statewide, and to further penetrate and identify AP infrastructure, both within Arizona and nationwide. Having more top notch coverage will enable the FBI to better prevent violence planned by AP.

b7D

Second, [redacted] although an excellent source, is not trained to handle the numerous sensitive circumstances which he has encountered and continues to encounter. An AP member has asked source [redacted]. Another AP member has asked source [redacted].

b7D

[redacted]
by a UCA who is better trained in the investigative and legal ramifications of the handling of such sensitive circumstances.

Third, many AP fancy themselves experts on the law and the Constitution. Even though AP has no known attorney members, some AP give classes in tax-resistance. Many AP believe that the courts and law enforcement officers have no legitimate authority. Consequently, after AP are indicted it is quite reasonable to expect their defense attorneys will completely attack every aspect of the FBI's investigation of them. Although [redacted] will doubtless make a fine witness, the testimony of an UCA is greatly preferred. The UCA will simply have better credibility on the witness stand.

b7D

II. OBJECTIVES OF THE OPERATION

A. To prevent violence planned by the AP

B. To gather additional evidence of violations of state and federal statutes by the AP

C. To gain additional information regarding the organization, membership, finances, and training of AP insofar as it pertains to terrorism both inside and outside Arizona.

D. To successfully prosecute those AP members and affiliates who have violated the law

III. BACKGROUND INFORMATION

A. Crime Problem.

1. Crimes, Statutes, Manner of Violation:

a. Kidnaping. Local. [REDACTED]

[REDACTED] an undercover Arizona Attorney General(AZAG) Investigator was introduced (Arizona has a better conspiracy statute than the federal statute). [REDACTED]

b. Illegal Interstate Shipment of Firearms, Title 18, Sect. 922; Unlicensed Dealing in Firearms, Sect. 923; Illegal Firearms Dealer, Illegal Firearms Transfer, Non-registered Firearms, Illegal Interstate Transportation of Firearms, Title 26, Sect. 5861, (a), (b), (d), (e), and (j). AP member DAVE GUMAER and [REDACTED]

c. Fraud by Wire. Title 18, Sect. 1343. [REDACTED] and other AP members obtained and used a confidential access code for a long-distance telephone carrier, defrauding the company of approximately \$20,000.

d. Conspiracy to Destroy Government Property. Title 18, Sections 371 & 1361. AP member [REDACTED] has already [REDACTED]

e. Unlicensed Manufacture of Explosives, Title 18, Sect. 842. AP member [REDACTED] has combined and tested various chemicals which comprise a high order explosive.

b6
b7C
b7D

b6
b7C
b7D

f. Illegal Manufacture of Destructive Device, Title 26, Sect. 5861 (re Section 5845, (e) & (f)). As indicated above, [REDACTED]

b6
b7C
b7D

g. Obstruction. Title 18, Sect. 1510. A local deputy sheriff has purposefully told Arizona Patriot members of the FBI's investigation of the AP.

2. Joint UCO. The UCO will be conducted with the State of Arizona Attorney General's Office. A Memorandum of Understanding has been executed and is attached.

3. Impact of Targeted Criminal Activity. PX believes that the AP and its cells are in a stage of development that is like the early stages of the Aryan Nation/Order. Besides the illegal acts described above, they are planning an extensive attack on IRS. Many of the APs are unstable personalities which increases the risk they may even engage in random violence if sufficiently provoked by the "system." More younger radicals who are action-oriented are now associated with the AP than even six months ago. Consequently, the FBI's prevention of violence will be the real impact on the criminal activity. The eventual jailing of those who have broken the law will also reduce the immediate danger of AP violence, but may drive the AP underground. The UCO will be alert to that possibility and insure that when the operation is brought to an end, coverage will exist of underground cells, if any.

Omaha Division has recently inherited two extremely radical AP who have linked themselves to a major financial backer of Posse Comitatus. These APs intend to train Nebraska farmers in the use of firearms and para-military tactics to resist and attack IRS, banks, and the Sheriff's deputies who are repossessing their farms. Omaha will be submitting a separate UCO proposal soon, using [REDACTED] and an Omaha UCA for introductions into these Nebraska domestic terrorists.

b7D

a. Investigative Program/Priorities. The UCO will be within the Terrorism Program (Domestic). Although the Terrorism program was ranked 10th in the Division, because of the seriousness of the AP threat the program is now ranked 3rd. There are three agents assigned full time to the AP which will be increased to five on approval of the project. Five agents will be slightly less than 5% of PX's TSL. If the UCO results in a Title III, the expenditure of workhours will probably rise to about 8% of TSL for the fiscal year. There are no other major initiatives in the Domestic Terrorism Program.

b. Impact on Office Workhours. The UCO will detract from the General Crimes Programs by at least two agents, and draw limited hours from all programs if a Title III occurs.

c. Other PX UCOs:

UCO Name	Group	Program	Agents	Support
	I	OC	5	1
	II	OC	Inactive	
	II	OC	Closing soon	
	I	OC	Inactive	
	II	OC	Inactive	
	II	WCC	2	0
	I	GPC	Inactive	

b7E

PX currently has one Title III in progress regarding an OCDE Matter, is expecting to initiate one other OCDE T III in January, and will probably begin a third OCDE T III in the Spring of 1986.

B. Criminal Activity.

1. Background. The AP is not a well coordinated group. After the mid-1985 appearances of [redacted] the membership (correctly) evaluated [redacted] to be a security risk to them and untrustworthy. Consequently, the directing of the AP fell to individual cell leaders. These leaders and AP members have purchased dynamite,

b6
b7C
b7D

One AP cell leader's plans include a recon of all IRS complexes in the US and the Hoover Building with the idea of eventually destroying them. A faction of the AP has broken off and is calling itself the ARYANS. The ARYANS disavow the old AP, and instead are intent on action. They oppose the older AP members who, in their view, do nothing but talk. A separate AP member plans to continue his experiments with explosives with the idea of an attack on IRS or synagogues or both. AP has established contact with a violence oriented faction of POSSE COMITATUS in Nebraska. Finally, the AP formerly had plans to blow bridges and cut power to Phoenix when the time for the revolution of the right was correct.

Certain AP members and the ARYAN group appear to be readying themselves to engage in real violence against the system: IRS, FBI, Police, Banks, Jews, etc. What seems to have previously delayed them is lack of solid leadership and lack of financial backing as most AP are unemployed or have little money. [redacted] the "talkers," most of whom are over 50 years old, have lost influence. Younger leaders, the "doers," most of whom are under 40, have emerged. There is consequently an increasing possibility of violent acts by AP splinter cells with or without the blessing of [redacted] Regarding financing of the "movement," younger AP members are now

b6
b7C

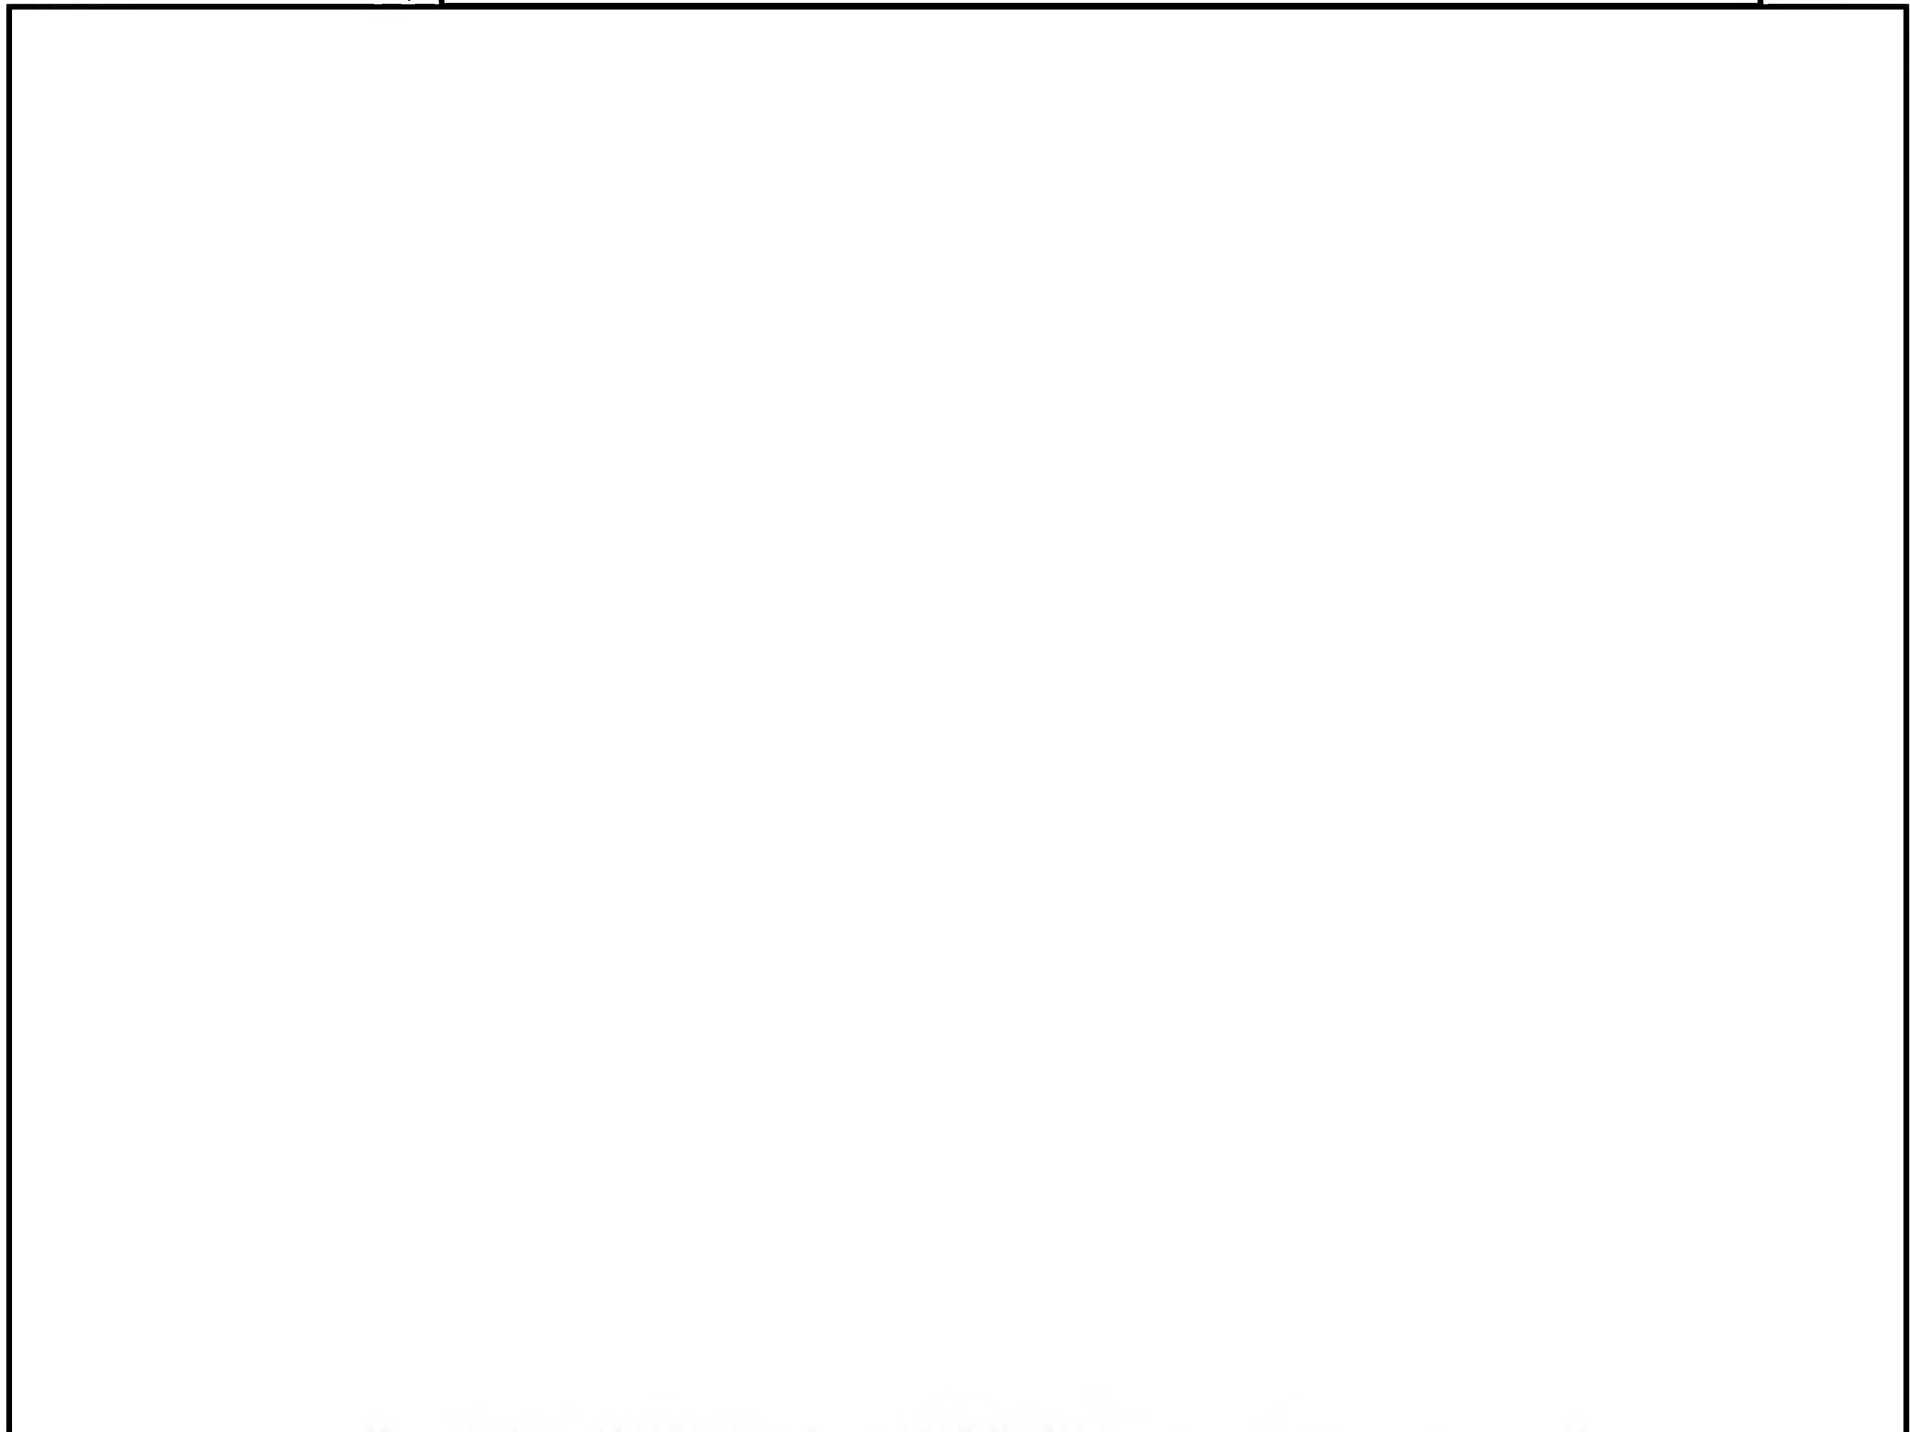

associated with [REDACTED]

[REDACTED] for AP. PX believes that the greatest danger may be if the new leaders of the AP/ARYANS decide to follow the footsteps of the ARYAN NATION/ORDER and begin attacking them and attacking the judges who are ruling against the system by robbing the banks which they believe are oppressing.

The AP have nationwide contacts with other right-wing terrorist oriented groups including [REDACTED] Christian Patriots Defense League, [REDACTED] Committee of States, [REDACTED] Identity Church movement, and the farmers' Anti-Swat Movement. The AP has supporters or actual members in Oregon, California, Colorado, Nebraska, Kansas, Mississippi, and Georgia. [REDACTED] alleges that he has contacts in every location where there is a major IRS facility whom he can ask to assist in both his recon of the facility and whom he can trust to place bombs when the time comes. [REDACTED] has already offered his "clandestine" personnel to assist in [REDACTED] assault on IRS.

2. Subjects.

a. [REDACTED]

d. JACK OLIPHANT. OLIPHANT, an AP member, has previously purchased dynamite, caps, fuses, and potassium

chlorate. He has experimented with homemade explosive devices using the potassium chlorate which have functioned as high order explosives. He has current plans to purchase large amounts of anhydrous hydrazine to mix with ammonium nitrate to make a high order explosive device. OLIPHANT alleges he was previously involved in bombings of synagogues and abortion clinics, but this is unsubstantiated and is at least partially untrue. However, OLIPHANT has superb nation-wide contacts with several right-terrorist type organizations including [REDACTED] CHRISTIAN PATRIOTS DEFENSE LEAGUE (CPDL) (OO: SI). OLIPHANT is evaluated as an extremely unstable personality capable of singular violent acts. Whether or not he has sufficient charisma to lead a group is unknown, but he is violently anti-semitic, anti-banking, and anti-FBI/IRS.

b6
b7C

e. [REDACTED]

[REDACTED]

Omaha will be submitting a HCO proposal based on the above. It will be possible for [REDACTED] when appropriate.

b6
b7C
b7D

f. [REDACTED]

[REDACTED] a group called the ARYANS. The ARYANS are those disaffected AP members who are tired of the old AP do-nothing attitude. The ARYANS are apparently centered in Black Canyon City and Prescott. They intend to be an "action group," further details unknown at this time. However, the formation of a group of younger ultra-radicals is evaluated as an extreme hazard.

g. DAVID EMERSON GUMAER. A long time AP member, GUMAER has associates in radical right-wing groups nationwide. He allegedly has a cell of code-named individuals ready to do his bidding. [REDACTED]

[REDACTED] in the near future.

b7D

h. [redacted] in the Phoenix area. Recently a cell member was to have certain of his property sold for back taxes. A group of four APs waited in the building on the property for the arrival of the deputy sheriffs. Once the deputies were inside, they intended to conduct a citizens arrest of them, as the AP believes deputies have no constitutional authority to take over property. If the deputies resisted, each AP member was armed and prepared to use their weapons if necessary. The local sheriff's office was alerted by the FBI and choose not to serve the court order. An AP member subsequently filed a legal action which will preclude the serving of the order for the foreseeable future.

b6
b7C

C. Prior Conventional Investigation.

Phoenix has extensively utilized consensual monitoring by [redacted] and the AZAG CW, toll records, pen registers, fisurs, and has recruited other sources who are being slowly worked into the AP. Although these techniques have been successful in identifying numerous AP members who have broken and are planning to violate the law, the more covert cells, such as that of [redacted] have not been penetrated. Also, even though source is very close to [redacted] neither has ever identified to him the underground membership of the AP, although both have alluded to such members. The AP does not appear to be formally organized, and it has statewide cells the members of which may not even be aware of the existence or plans of other cells. Many of these cells are committing criminal acts and are planning violence by the use of destructive devices.

b6
b7C
b7D

The UC technique is necessary to better control the sensitive circumstances involving AP training and practice session in the use of explosives and other destructive devices, as well as in the event an AP member precipitously decides to engage in violence. A UCA will be better in controlling the

[redacted]
[redacted] is seriously overtaxed. While he cannot completely cover the statewide and even nationwide activity of the AP, [redacted] UCA who can reduce the burden on the source and be much more quickly on-line than any source PX is currently developing. The UC scenario will also enable the FBI to better penetrate the AP, because the scenario will have what the AP has lacked - [redacted]

b7D
b7E

IV. POTENTIAL FOR SUCCESS

PX believes that the UCA can be easily introduced into the AP. He will make rapid progress because he will have what the AP wants: [redacted]

[redacted] He will be supported by two excellent sources, [redacted] and the AZAG Cooperating Witness who can support his activities.

b7D
b7E

The potential for prosecutive success is also excellent. As noted above, a number of cases are already "made," and there is every indication the AP will continue their activities, especially in gun- and explosives-related violations.

V. PROPOSED UNDERCOVER OPERATION

A. Infiltration Scenario. The UCA will be introduced to AP members [REDACTED]

b7D
b7E

[REDACTED]
[REDACTED] Infiltration should be no problem.

B. Utilization Scenario.

1. [REDACTED] The UCA will have to have [REDACTED]
[REDACTED] which can apparently
be done by FBIHQ through [REDACTED]

b7E

[REDACTED]
Such extensive [REDACTED] is absolutely necessary as the AP has alleged it has police contacts capable of accessing law enforcement computers. Also, [REDACTED] an AP member works for [REDACTED]
[REDACTED]

b6
b7C
b7E

2. UCA Scenario. The AP has lacked both good financial resources and charismatic leadership until recently. Therefore,

[REDACTED]

b7D
b7E

b7D
b7E

3. Method of Introduction. [redacted]

4. Protecting Informants. No additional protective measures will be necessary for [redacted]

b7D
b7E

5. Informant Testimony/Relocation. [redacted] is willing and may have to testify in this matter. He and his family may be vulnerable to retaliation by the AP, and he and family are willing to relocate if necessary. [redacted] understands the above, but his understanding is not committed to writing.

b7D

The Arizona AG Cooperating Witness(CW) is willing to testify, but whether or not he is willing or wants to relocate is unknown at this time. Inasmuch as the AGCW is under contract to the AZAG, relocation will probably be the responsibility of the state, if necessary.

6. Risks to UCA and Precautions. In the past, the AP have said that any informant found in their group will be summarily executed. However, for the last six months there have been no meetings, as such, of the AP. Instead, [redacted] has had numerous contacts with single members or, less commonly, two or three members. Such contacts appear to hold little danger for the UCA or source. Regardless, all initial meetings with AP members

by the UCA and or CW will be covered by FBI agents and the UCA or CW will be wearing a T-4. New AP subject meetings will always be covered by FBI agents with the UCA wearing a T-4. Each subsequent meeting will be assessed for potential dangerousness by the UCA, UCA Control Agent, the case agent and the supervisor for such factors as any display of instability by the subject during the last contact, whether or not subject has a track-record for violence, subject's access to weapons, whether or not rapport has been established with the UCA by subject and vice-versa, etc. The degree of coverage of subsequent meetings will be based on this assessment. The FBI may always have to cover UCA meetings with certain AP members while seldom if ever have to cover meetings with other members. These same protective measures will apply to the AZAG Cooperating Witness.

7. Operation Security. The UCA [redacted] the UCA [redacted] will both be covertly covered with closed-circuit TV which can also be monitored from a remote location. [redacted]

b7E

[redacted] Knowledge of the operation and location of UC facilities will be severely limited (see Memo of Understanding).

8. Sensitive Circumstances and FBI Response.

The UCO scenario calls for the UCA [redacted]

VII. MANPOWER REQUIREMENTS

Manpower requirements and tasks:

b7E

IX. EXEMPTIONS

Exemptions are needed for:

1. Using appropriated funds for leasing space
2. Depositing appropriated funds in banks or other financial institutions

X. SUITABILITY OF PARTICIPATION IN CONTEMPLATED ACTIVITY

A. Use of the UC technique. The UC technique is especially suitable in order to maintain better control of extremely sensitive circumstances surrounding the manufacture, training, and potential utilization of dangerous/explosive devices by the AP; and to be able to rapidly react to potential violence in order to prevent it.

B. UCA Suitability. The UCA has not yet been selected.

C. Agent/Supervisory Qualifications. The supervisor has previously managed a successful GPC Group I involving a joint operation with another local agency. Neither the case agent nor the contact agent has recent UCO experience, but both are exceptionally knowledgeable of the AP and affiliated groups.

XI. INFORMANT AND COOPERATIVE WITNESS

[Redacted] in connection with this operation.

Neither source has executed a personal services contact. Both sources are so concerned about being called informants that personal service contracts will not be entertained at this time. The CW, PX is confident, will not sign a personal services contract under any circumstances because of his extreme revulsion at being identified as any kind of a "snitch."

Both [Redacted] and the CW are willing to testify.

b7D

XII. PRINCIPAL LEGAL ADVISOR ANALYSIS

The following analysis of the UCO by the PLA, PX, is

predicated upon his review of the attached proposal and preliminary discussions with the SAs involved.

A. Potential Risks.

1. This UCO proposes to infiltrate an UCA into the AP [redacted] Inasmuch as the AP is a terrorist group which espouses violence to overthrow the "system," the personal welfare of both the UCA, source, and the cooperating witness could be seriously threatened should their real identities become known to the members of the group.

b7D

2. Due to the nature of the AP and its philosophy, there will always be a risk that third parties may be injured and/or have their property damaged.

3. Potential for Civil Liability to the US. See paragraph "D. Fiscal Circumstances" below.

4. Because the UCO envisions the UCA attempting to [redacted] there is also the possibility of adverse public reaction and/or media coverage should the AP, in spite of the precautions outlined in this proposal to prevent any actual violence, in fact manage to destroy property and/or injure individuals.

b7E

B. Minimization Procedures. This proposal recognizes the risks outlined above and proposes intelligent and practical methods of dealing with them.

First, the UCO calls for the UCA's money to be utilized to [redacted] The UCA will always follow-up to insure that any money furnished was used for its intended purpose and, if needed, [redacted]

b7E

Second, if and when the UCA is requested to [redacted]

[redacted]

b7E

Third, if necessary, the FBI will abort the UCO and effect the arrests of AP members to prevent any violence from occurring.

With respect to the risk of physical harm to the source, cooperating witness(CW), and UCA, it is noted that all initial meetings with AP members by the UCA and CW will be covered by FBI Agents and the UCA/CW will be wearing a T-4 radio transmitter. All meetings with new AP subjects will also be similarly covered.

Lastly, [] has already demonstrated his ability to operate and intermingle with the targets of this UCO without harm to his person.

B. UCA, Cooperating Witness(CW), and Informant Participation in Illegal Activity.

b7D
b7E

Such activity appears confined to the possibility that the UCA, CW, or source may participate []

[] must be authorized in strict conformance with the AG Guidelines. So long as such activity is in furtherance of this UCO and limited to that deemed necessary under the existing circumstances, the UCA, CW, and informant cannot be guilty of a crime under state law and would be immune from state prosecution. U.S. v Payner, 434 Fed. Supp. 113 (1977)

C. Other Sensitive Circumstances. The primary risk in this UCO is the possibility of violence or physical injury occurring. See "D." below for a detailed analysis.

D. Fiscal Circumstances.

As previously set forth, this UCO is targeting a group of individuals which espouses possible violence to overthrow the system. Because of the nature and extent of the source's, CW's, and UCA's proposed involvement with the AP, significant civil liability against the US could arise if violence or physical injuries were to occur as a result of the UCO.

As set forth in this proposal, the "AP is not a well coordinated group," and the UCO calls for the UCA []

[] Furthermore, the "UCA may well be in a position [] Additionally, the proposal notes that the "UC scenario will also enable the FBI to better penetrate the AP, because the scenario will have what the AP has lacked -- []

b7E

In view of the above, it is possible that the UCO will []

Counterbalancing this risk is the real possibility that someone other than the UCA will assume this role in the near future. Placing a UCA [] at this time should enable the FBI to better control the activities of the AP and frustrate their objectives.

b7E

Otherwise, this UCO appears to implicate provisions of the AG Guidelines regarding deposit of appropriated funds in financial institutions and leasing of property beyond specified limits.

E. Entrapment and Due Process.

Information set forth in this proposal indicates predisposition on the part of targets to commit the specified offenses. Since entrapment can be established as a matter of law only where the absence of predisposition appears from uncontroverted evidence (U.S. v. Bower, 575 F.2d. 499 (5th Cir. 1978); U.S. v. Abushi, 682 f.2d. 1289, 1297 (9th Cir. 1982)), it would not appear to be a viable defense which could be raised by the targets. However, because the UCA [REDACTED] [REDACTED] he must be careful to insure that his actions or words do not excite any AP members to commit any acts which they otherwise would not have committed.

b7E

F. Miscellaneous.

It is noted that it will be necessary for the UCA to obtain a wide variety of false identification.

XIII. MANAGEMENT

A. Management Controls. [REDACTED]

b7E

B. There has been no on-site review.

C. Tape Transcription. This UCO has requested a Burroughs word processing cluster for the sole purpose of tape transcription. The raw tapes will be reviewed by designated project agents and pertinent portions marked for transcription. It is noted that the activities of the UCA, CW, and sources will already appear on the daily memo as summarized from the daily meetings. As the PX word processing center is at full strength, two confidential typists will be allocated to this project. On completion of transcription, an agent will summarize the tape, and the summary will be entered into an already existing data base program which will also log the tapes to enable easy retrieval of pertinent tapes for reporting and prosecutive purposes. All tape transcriptions will be retained on computer

diskettes to enable easy retrieval of text passages for reports and prosecution, especially using the "search" feature of the word processing program.

D. Not applicable.

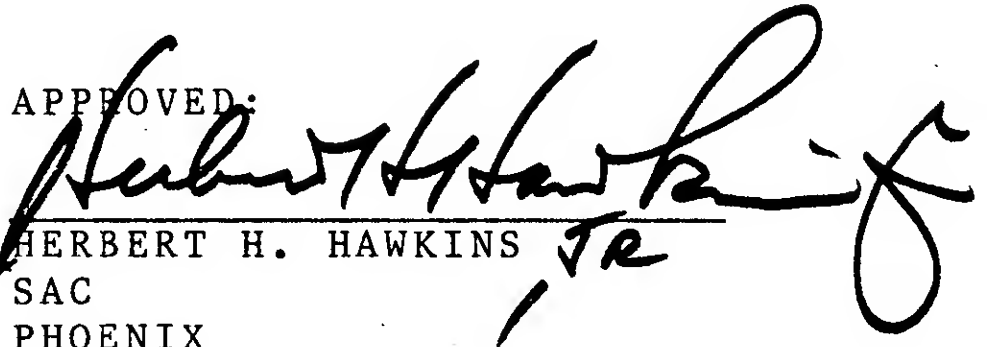

XIV. SAC COMMENTS

The SAC believes the UC technique is appropriate at this time in the investigation of the AP. He approves this UCO proposal and when authorized by FBIHQ will provide all manpower and other resources outlined herein.

Instructions

Subject Priorities for FBI Arrest or Locates:

- A - Subject wanted for crimes of violence (i.e. murder, manslaughter, forcible rape, robbery and aggravated assault) or convicted of such crimes in the past five years.
- B - Subjects wanted for crimes involving the loss or destruction of property valued in excess of \$25,000 or convicted of such crimes in the past five years.
- C - All others

Claiming Non-Federal Arrests, Summonses, Recoveries or Convictions:

It is permissible to claim a local arrest, summons, recovery or conviction if the FBI significantly contributed to the accomplishment. A succinct narrative setting forth the basis for the claim must accompany this report. When claiming a local recovery, enter the word "LOCAL" to the right of the amount. Enter "LF" in the "In-Jail" block for all life sentences and "CP" for capital punishment sentences.

Reporting Convictions:

Convictions should not be reported until the sentence has been issued. There are two exceptions to this rule. The conviction information can be submitted by itself if:

- 1. The subject becomes a fugitive after conviction but prior to sentencing.
- 2. The subject dies after conviction but prior to sentencing.

An explanation is required in the Remarks section for either of the above exceptions.

Rule 20 Situations:

The field office that obtained the process (normally the office of origin) is the office that should claim the conviction, not the office where the subject enters the plea in cases involving Rule 20 of the Federal Rules of Criminal Procedures.

Investigative Assistance or Techniques (IA/Ts) Used:

- Since more than one IA/T could have contributed to the accomplishment, each IA/T used must be rated.
- The IA/T used must be rated each time an accomplishment is claimed. (For example - if informant information was the basis for a complaint, an arrest, a recovery and a conviction and if separate FD-515s are submitted for each of the aforementioned accomplishments, the "Informant Information" block must be rated on each FD-515 even if it was the same information that contributed to all the accomplishments.)
